

**MS / Neuroimmunology Fellowship**  
**RPAH and the Brain and Mind Centre**

ROYAL PRINCE  
ALFRED HOSPITAL

The 2021 MS Fellowship at Royal Prince Alfred hospital and the Brain & Mind Centre will suit Neurology advanced trainees who wish to develop subspecialty expertise in the field of Multiple Sclerosis and Neuroimmunology. The RPAH MS service provides comprehensive multidisciplinary care for patients with MS, and a conduit for patients to access Phase 2-4 clinical trials that are run through the affiliated BMC MS Clinical Trials unit at the BMC. The Fellow will also participate in tertiary referral central Neuroimmunology and Neuromuscular clinics at RPAH, in the assessment of patients participating in clinical trials, and in ongoing research projects at the BMC.
