

CONSULTANT NEUROLOGIST Private Practice (Redlands Cleveland – QLD)

About the business

Redlands Specialist Centre is a multidisciplinary practice located within the medical precinct of Redlands QLD. The practice is focused on providing a strong and varied platform of specialist medical services for a diverse population located in the area.

The practice provides a full range of support from all aspects of practice management through to in-house professional marketing support to help the right consultant build a sustainable private practice as a core component of this growing practice.

About the Role

The role would suit someone who is either looking to enhance an existing consulting portfolio with this location or looking to establish their private practice. Part or full day consulting opportunities available. With a collegiate and cross disciplinary environment, the potential exists to be part of an exciting team as we look to take the organisation to the next level.

Benefits

- Fully managed practice, enabling you to focus on your patients - including administration, patient communications, IT, HR and personalised marketing support.
- Experienced and dynamic team of other specialists and staff
- Accessible site with modern, well-appointed consulting rooms.
- Flexibility of days and working hours between 8 am and 4.30pm (part or full day sessions).
- Industry leading low fees with no upfront costs.
