

STROKE FELLOW 2022

A 12 month full-time stroke fellowship.

One of Melbourne's largest metropolitan public health services, Eastern Health is the major health service in the Eastern catchment.

The fellow will receive specialist training in stroke management with exposure to stroke clinical medicine including management of hyper-acute stroke, thrombolysis, brain imaging, clinical trials and clinical research. The fellow also participates in the afterhour's on-call roster, Rapid Access Neurology service (1 clinic), TIA service (1 clinic), neurophysiology (1 clinic) as well as clinical trials conducted within the Eastern Health Clinical School, Monash University.

Participation in research projects tailored to the successful applicant's interests is strongly encouraged and supported.

Interested applicants are advised to contact Ms Lara Brenners, PA to Prof Helen Dewey (Ph: 9895 4974, Lara.Brenners@easternhealth.org.au)
