

# Locum Neurologist | Fixed Term

## Mō mātou | About us

*“Ko ngā tāngata, te mātua mahi - Putting people at the heart of all we do”*

When you work for Te Whatu Ora, Health New Zealand you're part of something very special. We plan, fund and deliver health services to the almost 600,000 people that live in the Canterbury region. We are committed to Te Tiriti o Waitangi and its principles by ensuring our partnership with Māori are at the forefront of all our conversations.

Te Whatu Ora, Health New Zealand, leads the day-to-day running of our health system across New Zealand, with functions delivered at local, district, regional and national levels. It weaves the functions of the 20 former District Health Boards into its regional divisions and district offices, ensuring continuity of services in the health system.

## Ko wai koe | About You

You will join a team of seven other neurologists based at Christchurch Hospital. Christchurch Hospital is an accredited centre with the Australian and New Zealand Association of Neurologists for advanced training in Neurology. We enjoy close working relationships with our neurosurgical colleagues and are the major centre for the South Island Neurosurgical Service. We have the only interventional neuroradiology service in the South Island of New Zealand.

## Ngā pūkenga me ngā wheako | Skills & Experience

We are seeking a Locum Neurologist to join our team for a 8 month Fixed term starting as soon as possible.

Your responsibilities will include outpatient clinics, as well as inpatient and acute/afterhours service on a rostered basis. Outpatient clinics are primarily general neurology but there is an opportunity to develop subspecialty clinics with the agreement of the Clinical Director.

A subspecialty interest in neuromuscular disease and clinical neurophysiology would be an advantage, but not a requirement. You will participate in supervision of neurology junior medical staff and will have the opportunity to contribute to teaching and service development.

To be considered for this role, you must be eligible to gain registration with the Medical Council of New Zealand [www.mcnz.co.nz](http://www.mcnz.co.nz).

## Our Culture: What matters to us

*Ko ngā tāngata, te mātua mahi | Putting people at the heart of all we do*

Health is ultimately all about people. What's important around here is the way we care for and respect others, the responsibility taken for delivering outcomes, and going about our work with integrity.

## Belonging Here

Being part of the Te Whatu Ora, Health New Zealand, our people enjoy access to, flexible working arrangements and a genuine and ongoing focus on career development.

Te Whatu Ora, Health New Zealand believes that diversity and inclusion is key to ensure we deliver the best care for our diverse population. As an organisation we are inclusive and equal opportunity employer that welcomes and respects everyone.

## Tono ināianeī | Apply now

Apply online, or to find out more information, please contact **Amy Walker – Recruitment Specialist**.

**Email: Amy.Walker@cdhb.health.nz**

Please note that applications made via an agency will not be considered.

### **The Future of the Health Industry**

*The role that you are applying for is one that may only be performed by a person who has been vaccinated against Covid-19. It is therefore a condition of this application that you are vaccinated against Covid-19. This vaccination requirement includes gaining Booster Doses required to perform your role under the Health Order. As a person working in the health and disability sector you will come into contact with a large number of people, some of whom may be vulnerable. Without a vaccine, there is the risk that you may contract Covid-19. The requirement to be vaccinated is to keep you safe and also to endeavour to protect others against the potential transmission of Covid-19 as a result of you contracting it in the course of your employment.*

**Nau mai, haere mai, tauti mai!**
